

- How many cars do you see?
- How many counters do you see?
- Why are there 7 counters?

- What parts do you see?
- How is this box like the first box?
- How is it different?

- What whole do you see?
- What parts do you see?
- How can you show that the parts make the whole?
- What color would you color the counters on the right side of the mat?

- What whole do you see?
- What parts do you see?
- How can you color the counters to show the parts that make 7?
